

The Second MCI group Project client meeting will be held in IW room 4.62 at 10 am on Wednesday 15 March 2023

Agenda

Chair: Shuxiao Peng

Secretary: Chang Liu

1 Apologies

None.

2 Presentation

None.

2.1 Functional requirements and Presentations in Last Meeting

Discussion on milestone setting and pitch slide feedback which had updated on GitHub. Presenting pitch slide, script and some prototypes to show database design.

2.2 Problems and solutions

1. We have some problem in database setting. What software should be use to apply on client's database. We need to know client's data scale.

Planned solution is using mySQL to setup database.

2. Do we need remote connection or cloud database for database establishment if clients want to check the database setting.

Planned solution is using Microsoft cloud database service.

3 Requirements Elicitation

Functional requirements collection from clients

- 3.1 Build a database to store data about students, staff and course coordinators.
- 3.2 Interface for students which allows them renew, borrow and return equipments.
- 3.3 Interface for staff or course coordinators allows them to manage equipments.
- 3.4 Multiple device access but main focus on Web version.

3.5 Need email reminder to ask borrower's return.

3.6 Search function to help student and staff get information about equipment they want to borrow.

4 Other Issues

Questions to achieve First milestone.

Note: Next meeting plan to be held on 24th March 2023
