1.Time and Place

The Week 12 team meeting for the Master of Computing and Innovation Project was held in the IW Building, Room 4.63 at 1pm on Thursday 1st June 2023.

2.Quorum Announcement

The Chair announced that a quorum of the group was present, and that the meeting, having been duly convened, was ready to proceed with its business.

3.Summary of Previous Meeting (Week 11)

The Secretary provided a summary of the previous meeting. The team reviewed the improvements made on student end and admin end.

4 Group Progress Report

4.1 Update of the UI design of the student end, include:

- (1) Update the Login page background
- (2) Change the antd component to MUI component
- (3) Change the view request button to toggle button of request page

4.2 Bugs of the student end:

- (1) return date showing null in view request page
- (2) upper bound amount showing null in edit request page

4.3 Report the bugs fixed in admin end

4.4 Report the progress made toward the software demo

5 Client Feedback

5.1 The Client approved the current UI design

5.2 The Client asked if gestures operation like swipe and pull could be implemented in the student end. Since the current student end is pure web based not an independent android app, the gesture will be supported by the mobile web browser.

6. Other Issues

6.1 The team discussed the arrangement of software demo.

6.2 The team discussed the supplement document like handbook and API document.

7.Next Meeting

This should be the final client meeting.
